Staffify GO Enterprise Vendor & Staffing Management

Worker Lifecycle & Operations Manual

Complete Step-by-Step Administrator Guide: From Candidate Onboarding to Site Deployments, Daily Muster Roll, Statutory PF/ESIC Compliance, Monthly Payroll, and Final Exit Settlements.

This manual provides practical, screen-by-screen guidance for staffing operators, site coordinators, HR executives, and system administrators managing contingent, contract, and flexi-staffing workforces.

- 1. Worker Onboarding & KYC
- 2. AI Smart Candidate Matching
- 3. Site Deployments & POs
- 4. Shift Rosters & Squad Rotations
- 5. Attendance & OT Approvals
- 6. Salary Advances & Loans
- 7. Form B & Form D Registers
- 8. Form XIX Contractor Payslips
- 9. Worker Clearances & FnF
- 10. Autonomous AI Risk Watchdog

StaffifyGo Enterprise Platform
Standard Operating Procedure (SOP) | Release 1.0
Target System: **Staffify-Vendor-Portal**

Author: **Enterprise HR Operations Team**
Date: November 2026
Classification: **Confidential / Operational Manual**

0. Executive Dashboard Overview

The **Executive Dashboard** (/) is your operational command center. It gives you a real-time birds-eye view of your entire workforce deployment across all client sites, commercial budget burn rates, pending actions, and financial collections.

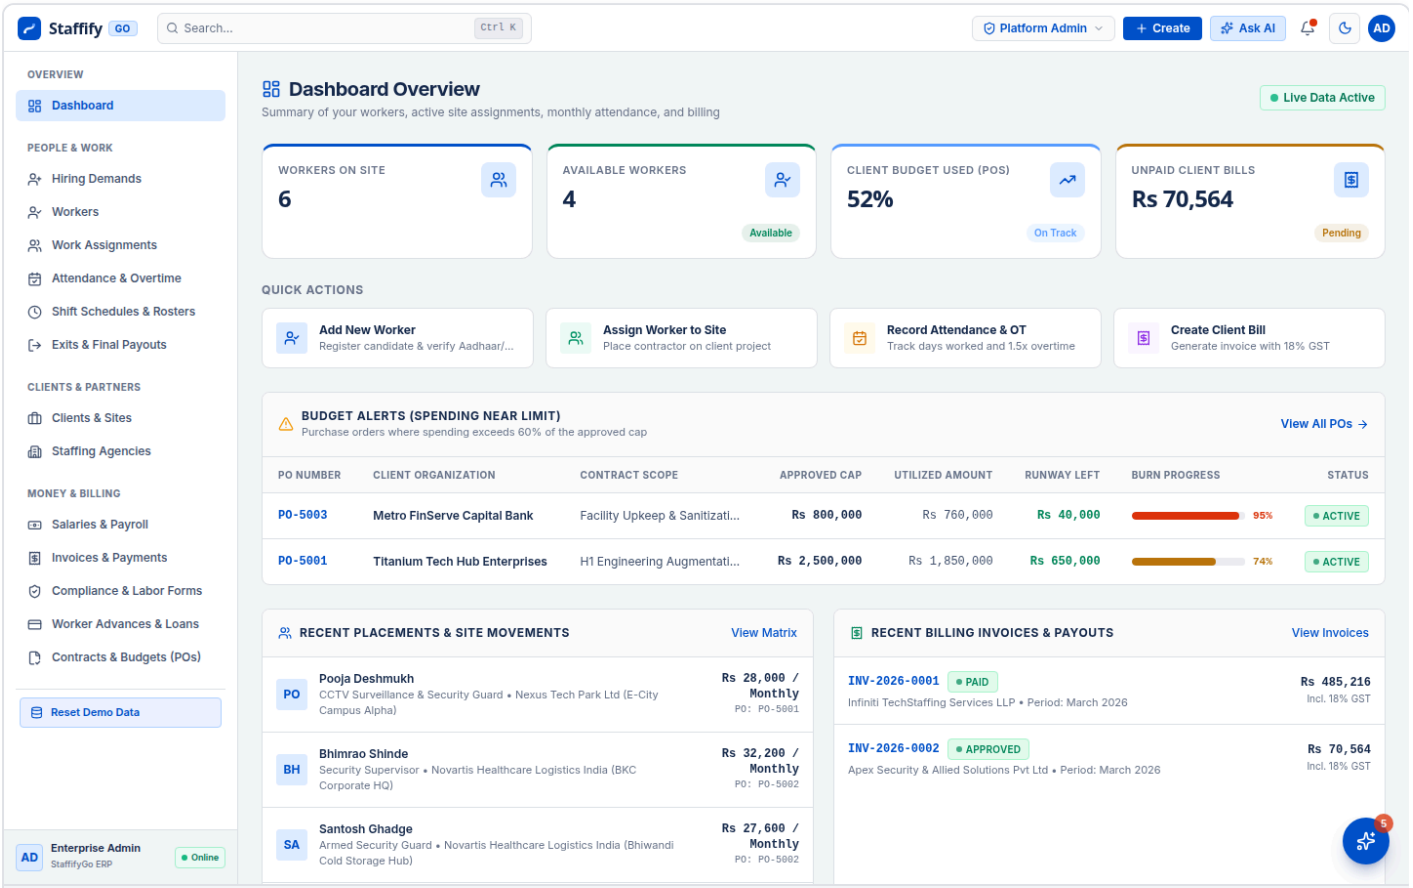

Figure 0.1 — StaffifyGo Executive Command Center Route: /

Key Dashboard Metrics

METRIC CARD	WHAT IT TRACKS	OPERATIONAL SIGNIFICANCE
Workers on Site	Total contractors actively deployed across facilities	Direct billable capacity generating staffing revenue.
Available Workers	Verified candidates on the talent bench ready for work	Bench depth available to fill urgent client hiring demands.
Client Budget Used	Aggregated PO spend percentage across enterprise clients	Flags contracts nearing budget exhaustion (>60% warning, >80% critical).
Pending Receivables	Total outstanding client tax invoices awaiting payment	Essential cash-flow visibility for contractor payroll funding.

Stage 1: Worker Onboarding, KYC & Gate Passes

The **Workers Directory** (`/workers`) manages your talent bench. Before a worker is assigned to any customer location, their identity, government statutory registrations, and police verification must be validated.

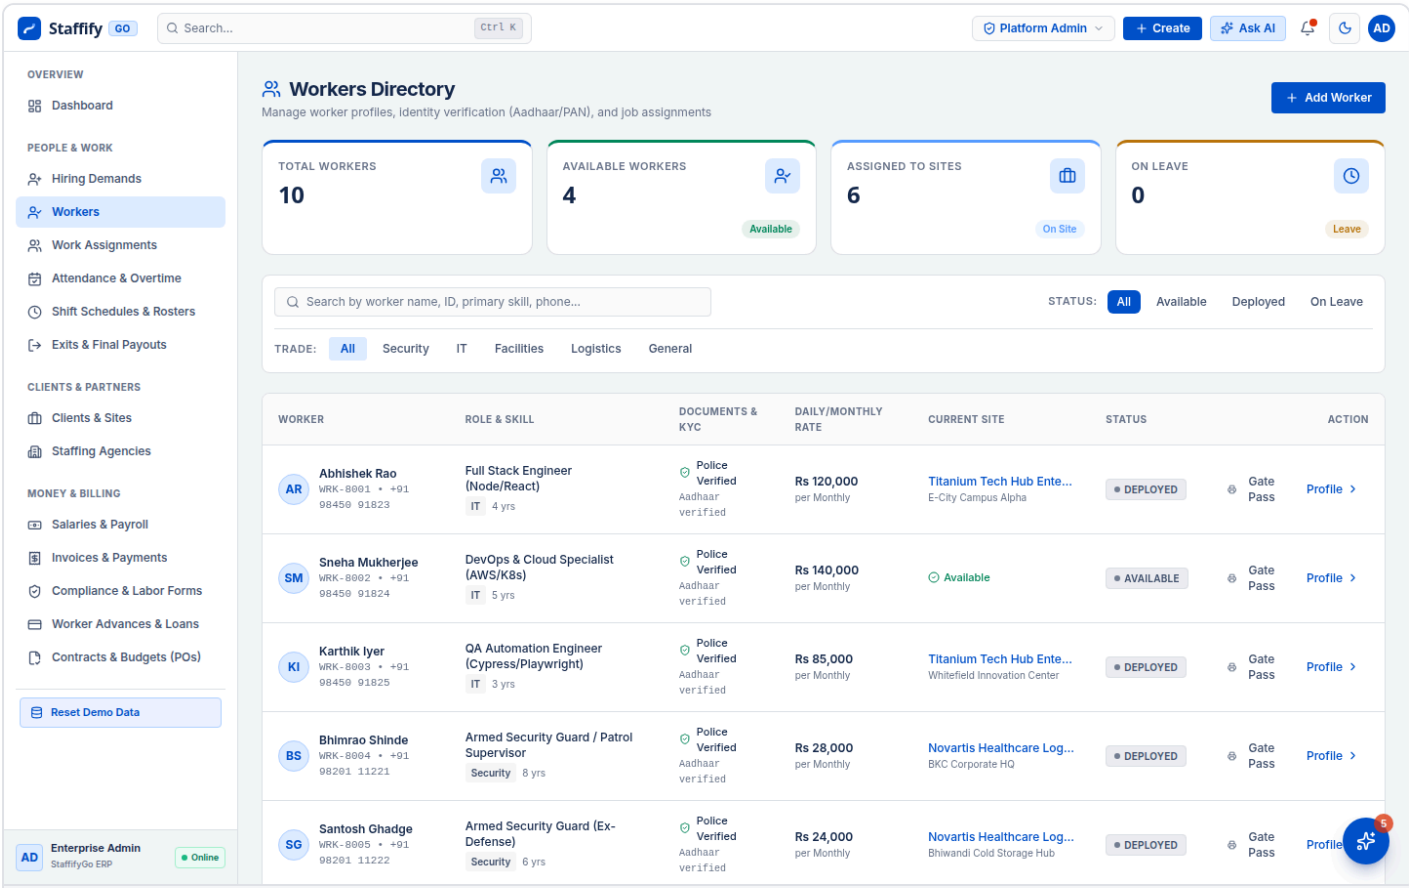

Figure 1.1 — Central Workers Directory & Talent Bench **Route: /workers**

Step-by-Step: Registering a New Candidate to the Bench

1. Click the blue **+ Add Worker** button at the top right of the directory.
2. **Personal & Skill Information**: Enter Full Name, Mobile Phone, Trade Category (e.g. *Security*, *IT*, *Facilities*), Primary Skill, and Years of Experience.
3. **Pay Rate**: Set the standard agreed daily or monthly base rate (e.g., *Rs 24,000 / month*).
4. **Government KYC & Statutory IDs**:
   - Enter 12-digit **Aadhaar Number** and tick *Aadhaar Verified*.
   - Enter 10-character alphanumeric **PAN Card Number**.
   - Enter **UAN (Universal Account Number)** for Employee Provident Fund (EPF).
   - Enter **ESIC IP Number** for health insurance coverage.
   - Select **Police Clearance Status** (*Verified*, *Pending*, or *Under Process*).
5. **Bank Details**: Record Bank Name, Account Number, and IFSC Code for direct payroll remittance.
6. Click **Save & Add to Bench**. The worker enters `AVAILABLE` status immediately.

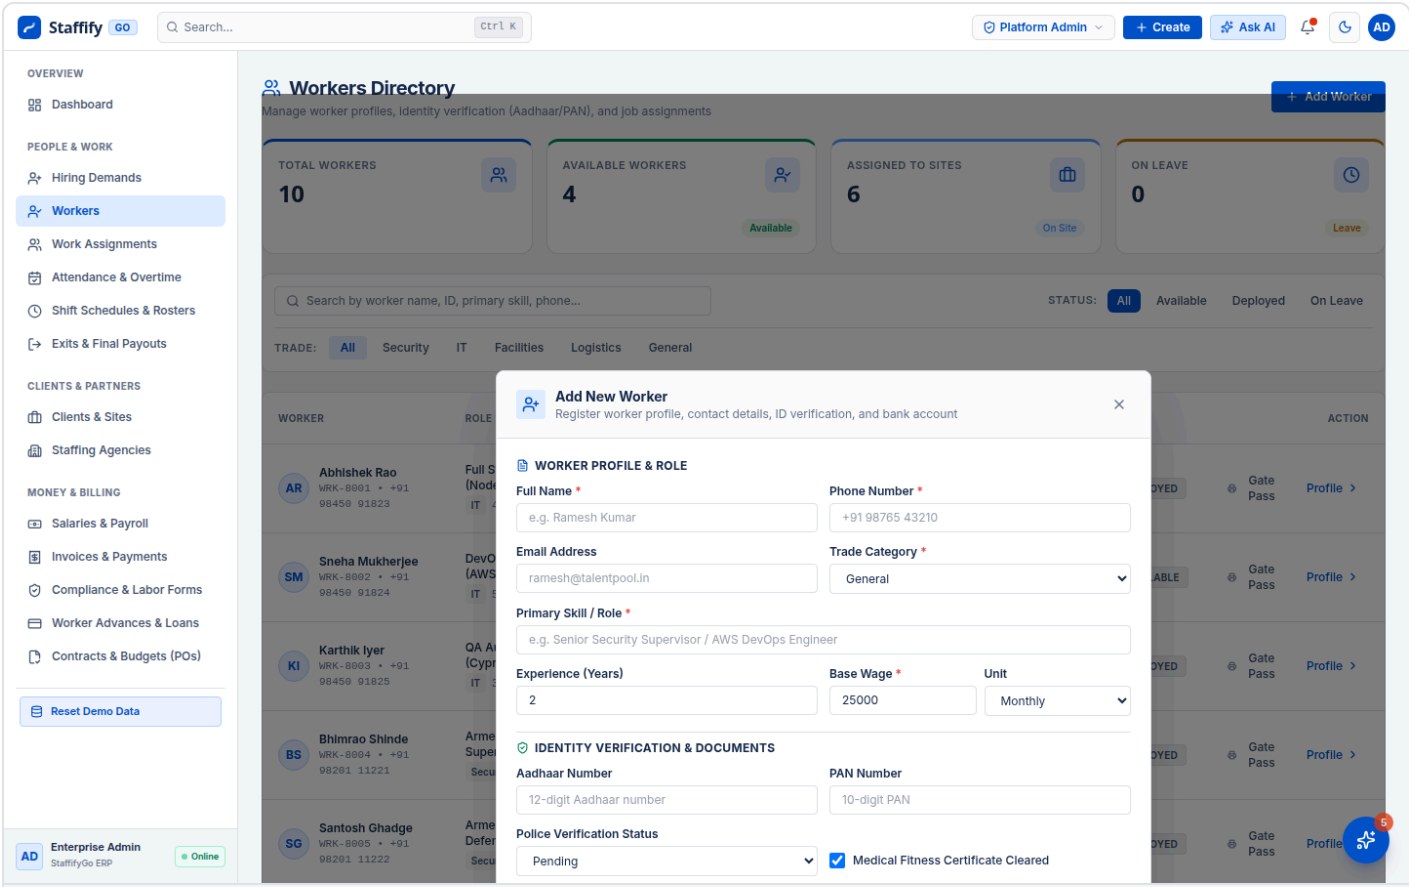

Figure 1.2 — Multi-tab Worker Registration Modal (Personal, Trade, KYC & Bank) **Modal View**

Issuing Official Laminated Worker ID & Gate Pass

Security checkpoints at client campuses require standard physical badges. Click **Gate Pass** in the worker row to render an official laminated card layout conforming to the **CR80 PVC standard**.

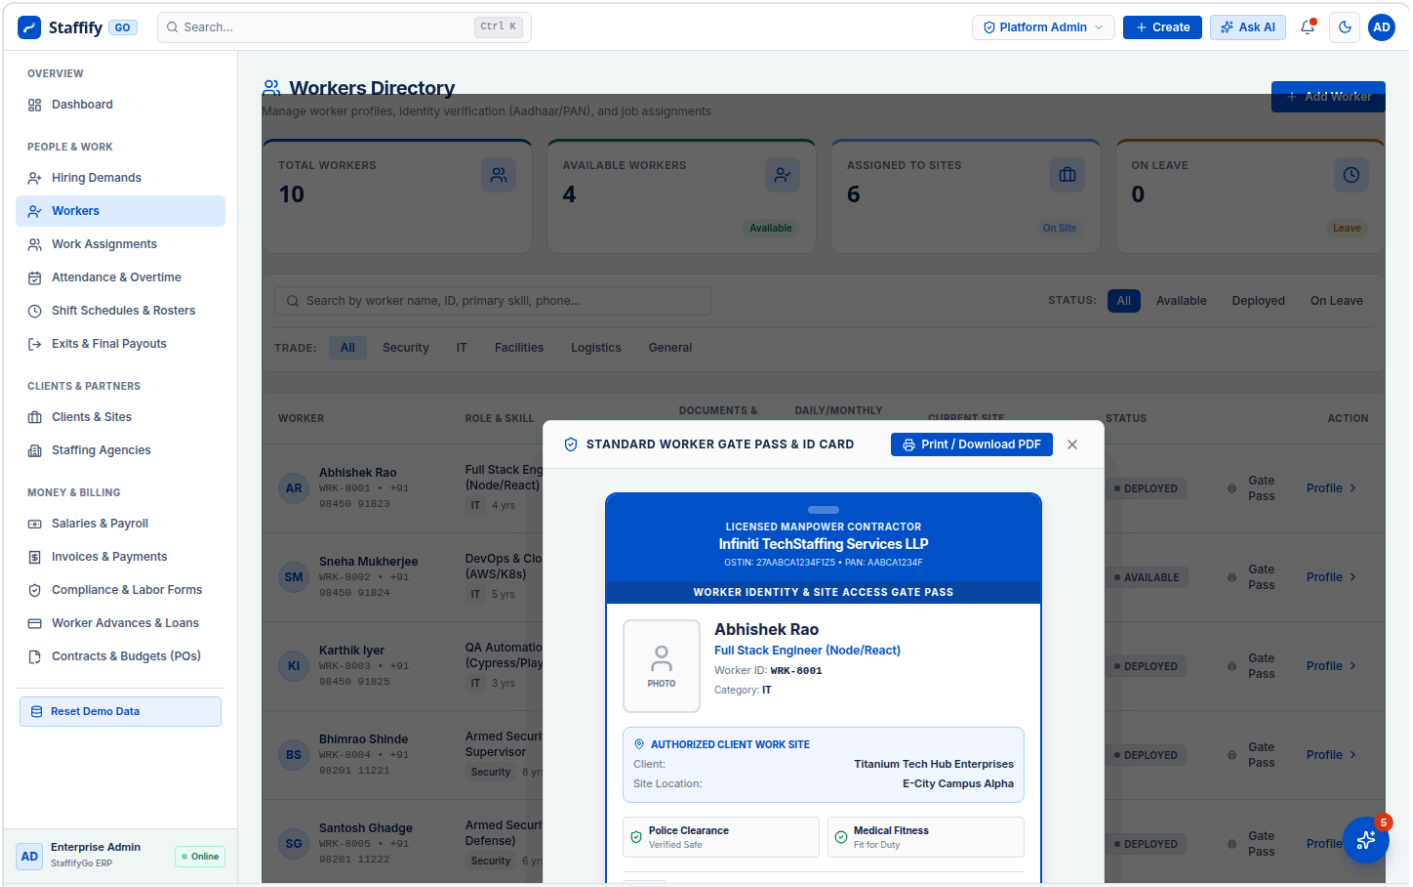

Figure 1.3 — Standard Printable Laminated Gate Pass & Worker ID Card Print Modal (A4/PVC Output)

> **Included on the Gate Pass:** High-resolution photo placeholder, Trade Category badge, Worker ID, Authorized Client Site, Police Verification seal, Medical Fitness clearance check, Emergency Blood Group, scannable QR verification code, and Authorized Contractor Signatory stamp.

Reviewing the Worker Profile & KYC Dossier

Clicking **Profile** opens a sliding right-hand drawer containing complete historical assignments, statutory numbers, bank IFSC codes, and attendance records.

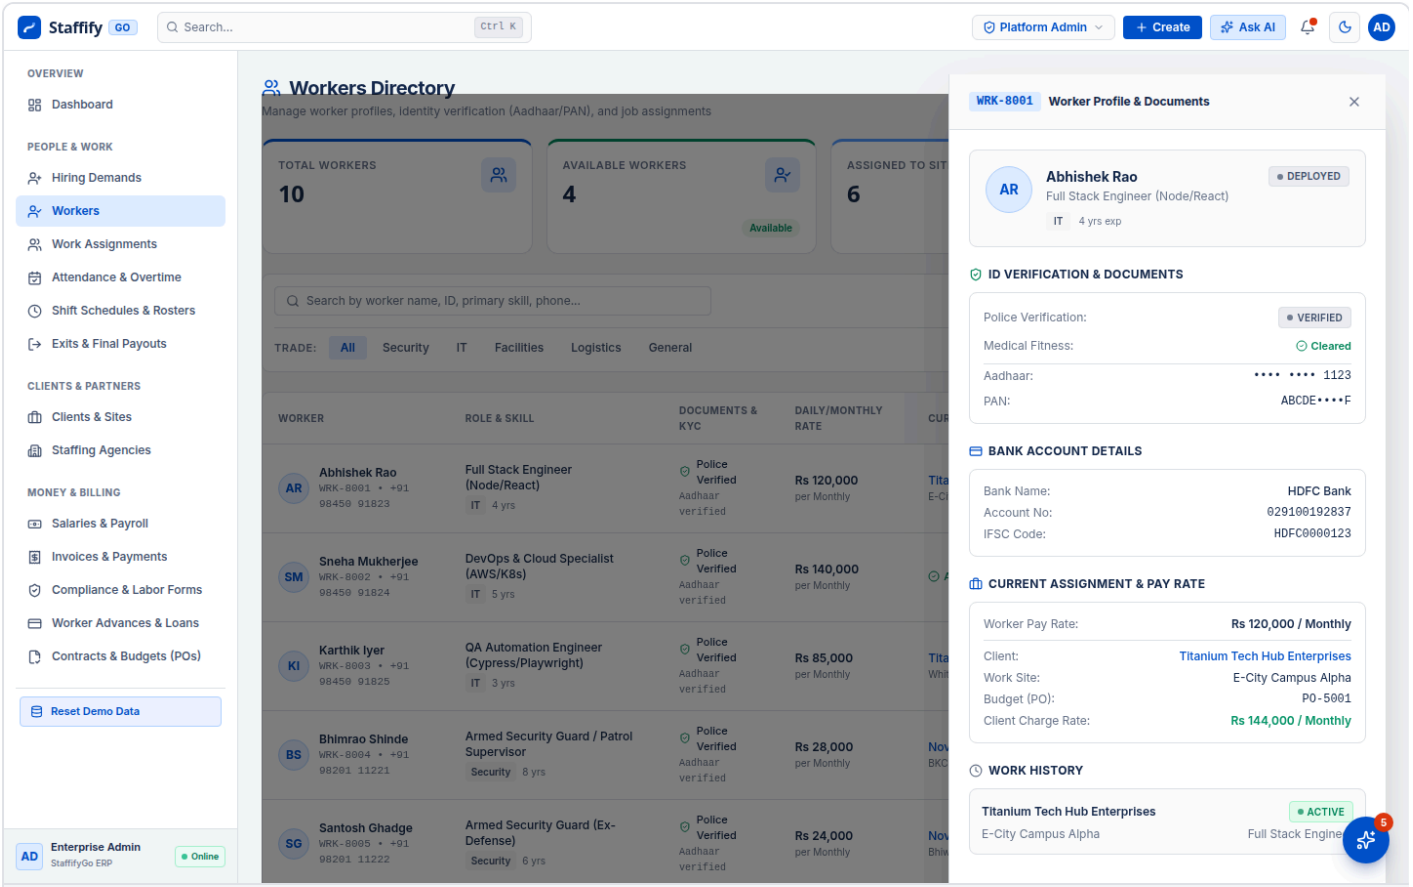

Figure 1.4 — Worker Profile Dossier Slide-Over **Drawer View**

Stage 2: Client Demands & AI Smart Candidate Matching

The **Hiring Demands** module (`/requisitions`) tracks customer staffing requirements. When a client requests headcount, the system leverages an autonomous 5-pillar matching engine to identify best-fit bench talent in seconds.

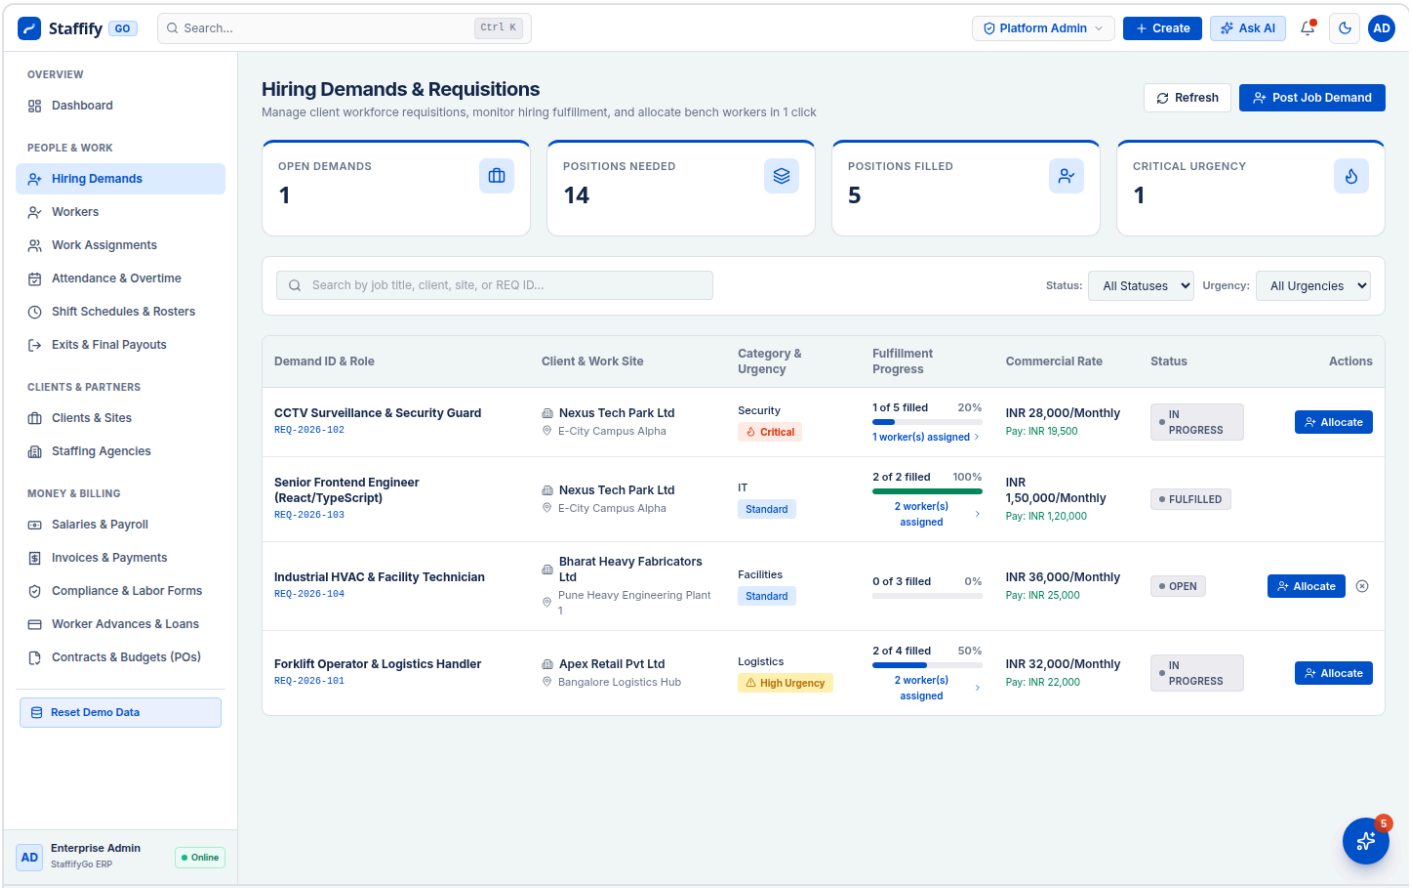

Figure 2.1 — Client Workforce Demands & Headcount Quotas **Route: /requisitions**

1-Click Smart AI Candidate Allocation

1. Click **Allocate** on any open requisition (e.g. *CCTV Surveillance & Security Guard - 4 Slots Remaining*).
2. In the allocation modal, click **AI Match Candidates**.
3. The algorithm scores available bench workers across 5 dimensions:
   - **Trade Category Match (35%)**: Validates primary discipline.
   - **Skills & Keywords (30%)**: Matches specific operational competencies.
   - **Experience Adequacy (15%)**: Compares candidate years to minimum demand criteria.
   - **Police Clearance (10%)**: Verifies background check completion.
   - **Medical & Bank Statutory Readiness (10%)**: Ensures immediate deployment eligibility.
4. Candidates are tagged with compatibility badges (e.g. `98% MATCH`) and specific reasoning points.
5. Top candidates are automatically checked. Click **1-Click Allocate** to deploy all selected workers instantly.

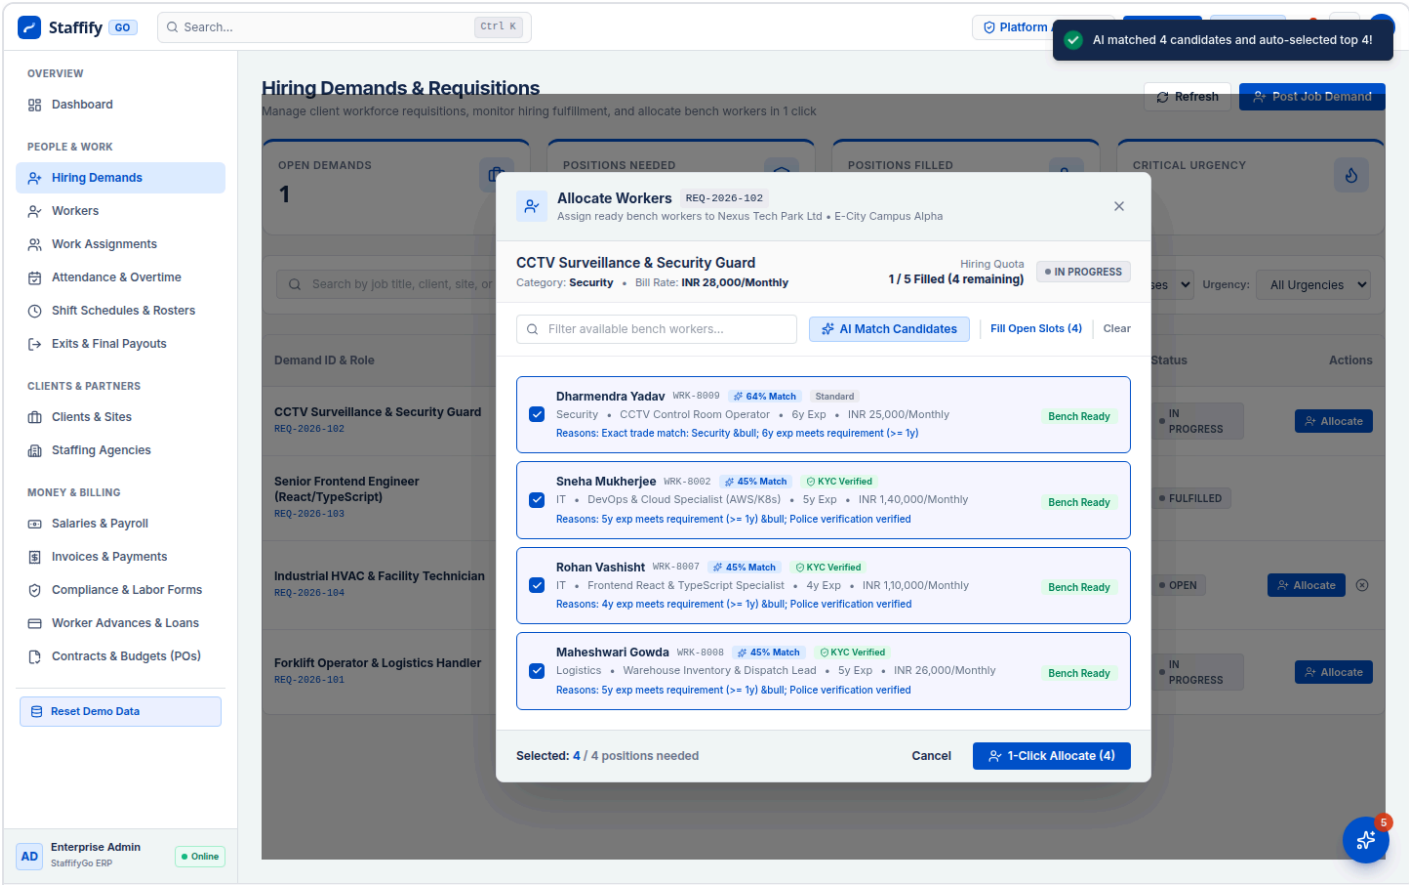

Figure 2.2 — AI Smart Candidate Matcher with Compatibility Scoring **Modal View**

Stage 3 & 4: Site Deployments & Shift Rostering

Stage 3: Workforce Deployments (`/deployments`)

This view monitors all active contractors stationed across client facilities. Each placement is linked to an approved Client Purchase Order with transparent tracking of **Bill Rate** vs. **Pay Rate**.

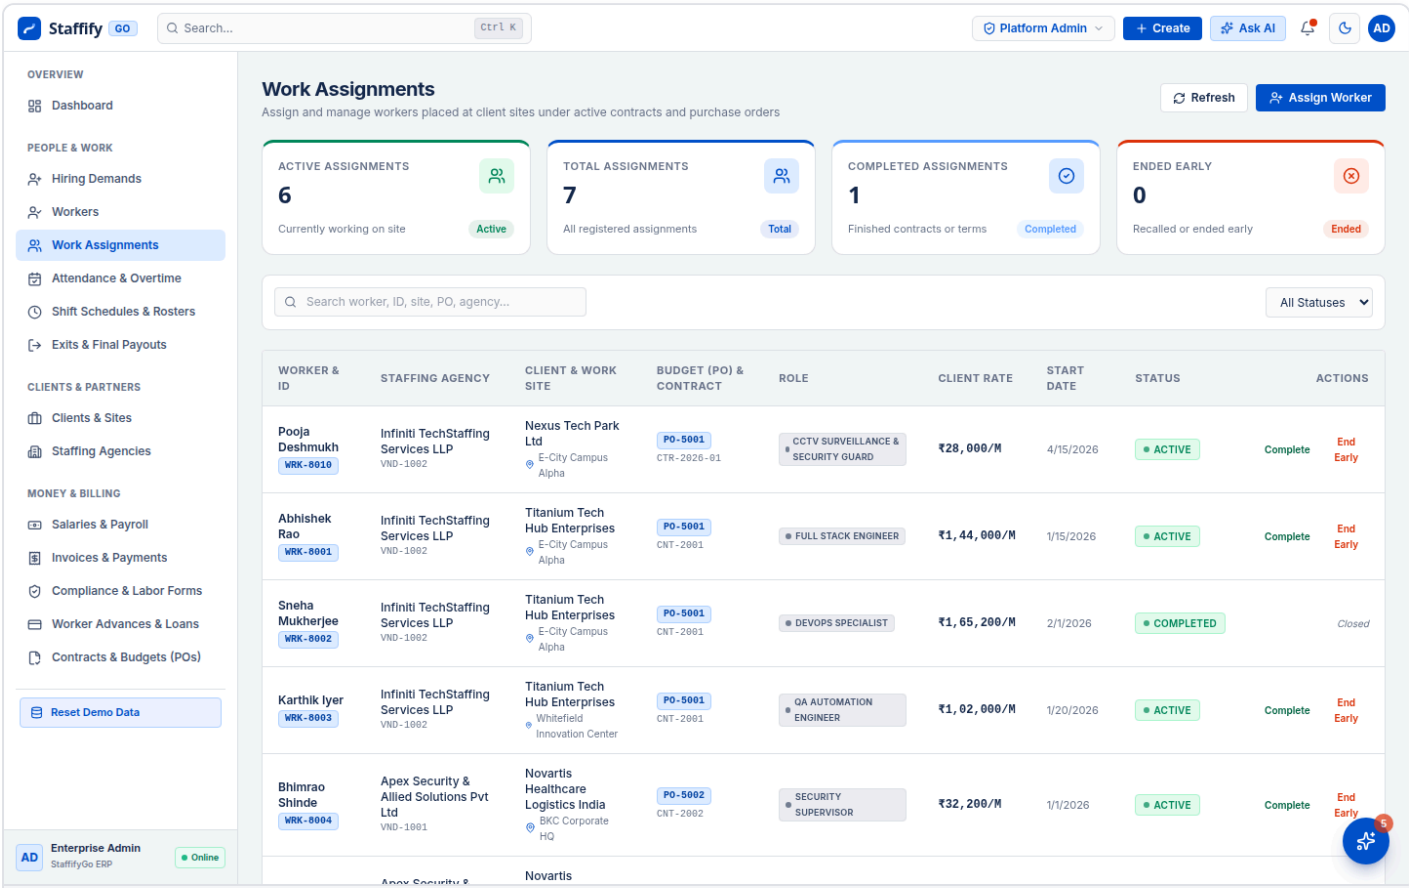

Figure 3.1 — Site Placements, Commercial Margins & Tour Status Route: /deployments

> **Instant WhatsApp Deployment Briefing:** Administrators can click **Dispatch WA** on any active assignment row. StaffifyGo automatically triggers a WhatsApp briefing to the worker's mobile device with their Client Site Name, Shift Timings (09:00 AM - 06:00 PM), Site Supervisor contact, and a direct link to their Digital QR Gate Pass.

Stage 4: Shift Schedules & Squad Rosters (`/shifts`)

For 24/7 client operations (e.g. data centers, hospitals, factories), workers are scheduled across 3 rotating shifts:

- **Morning Shift (A)**: `06:00 AM – 02:00 PM`
- **General Shift (G)**: `09:00 AM – 06:00 PM`
- **Night Shift (C)**: `10:00 PM – 06:00 AM`

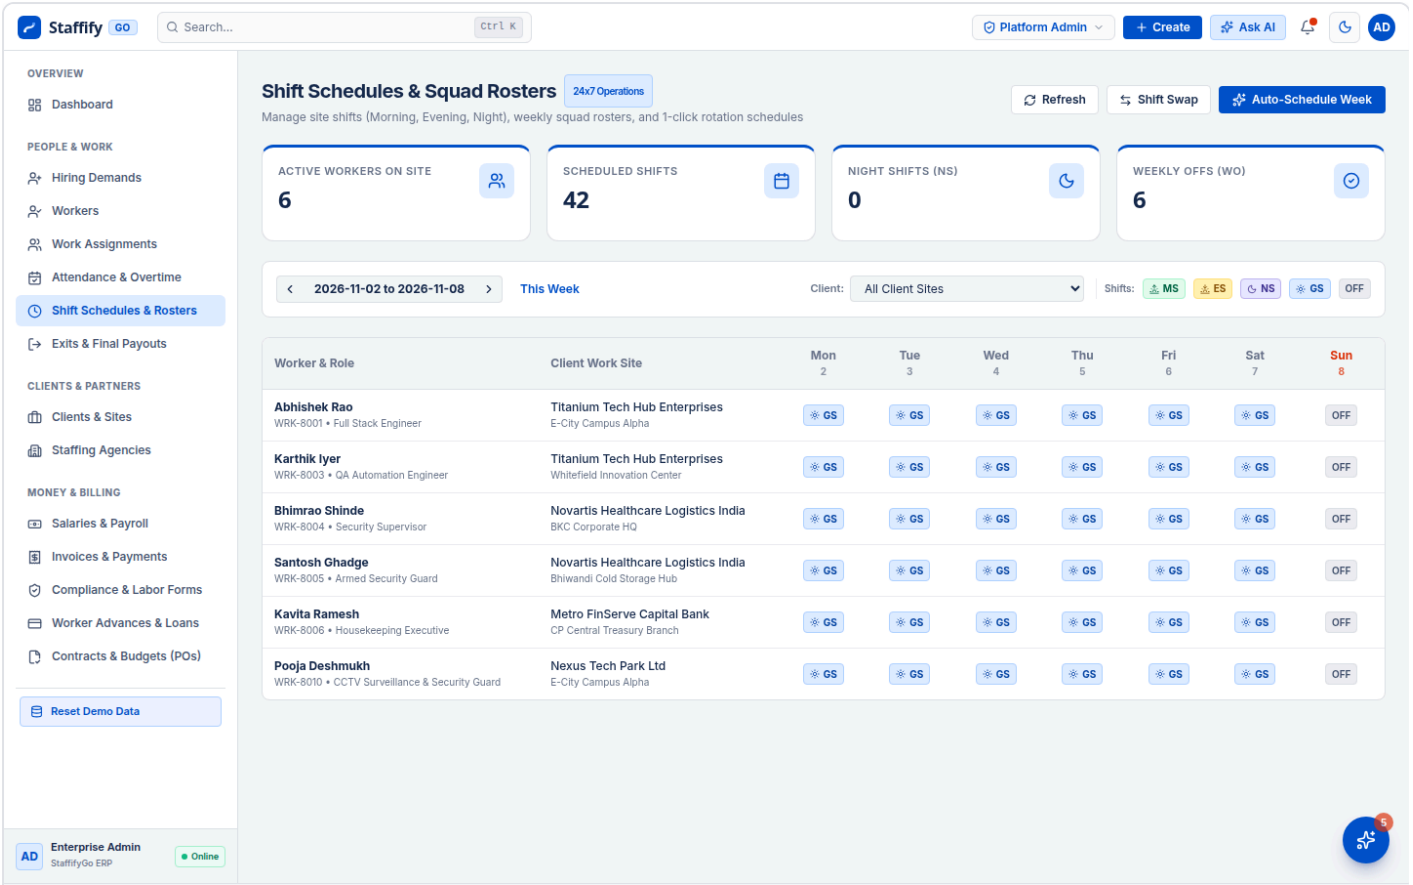

Figure 4.1 — Weekly Squad Shift Rostering Matrix **Route: /shifts**

Stage 5 & 6: Attendance Muster Roll & Salary Advances

Stage 5: Daily Attendance & Overtime Tracking (`/attendance`)

Attendance is captured by site and month. The system calculates total days worked, overtime hours (compensated at **1.5x** base wage), and gross earnings. Clicking **Approve Attendance** locks the records for monthly payroll calculation.

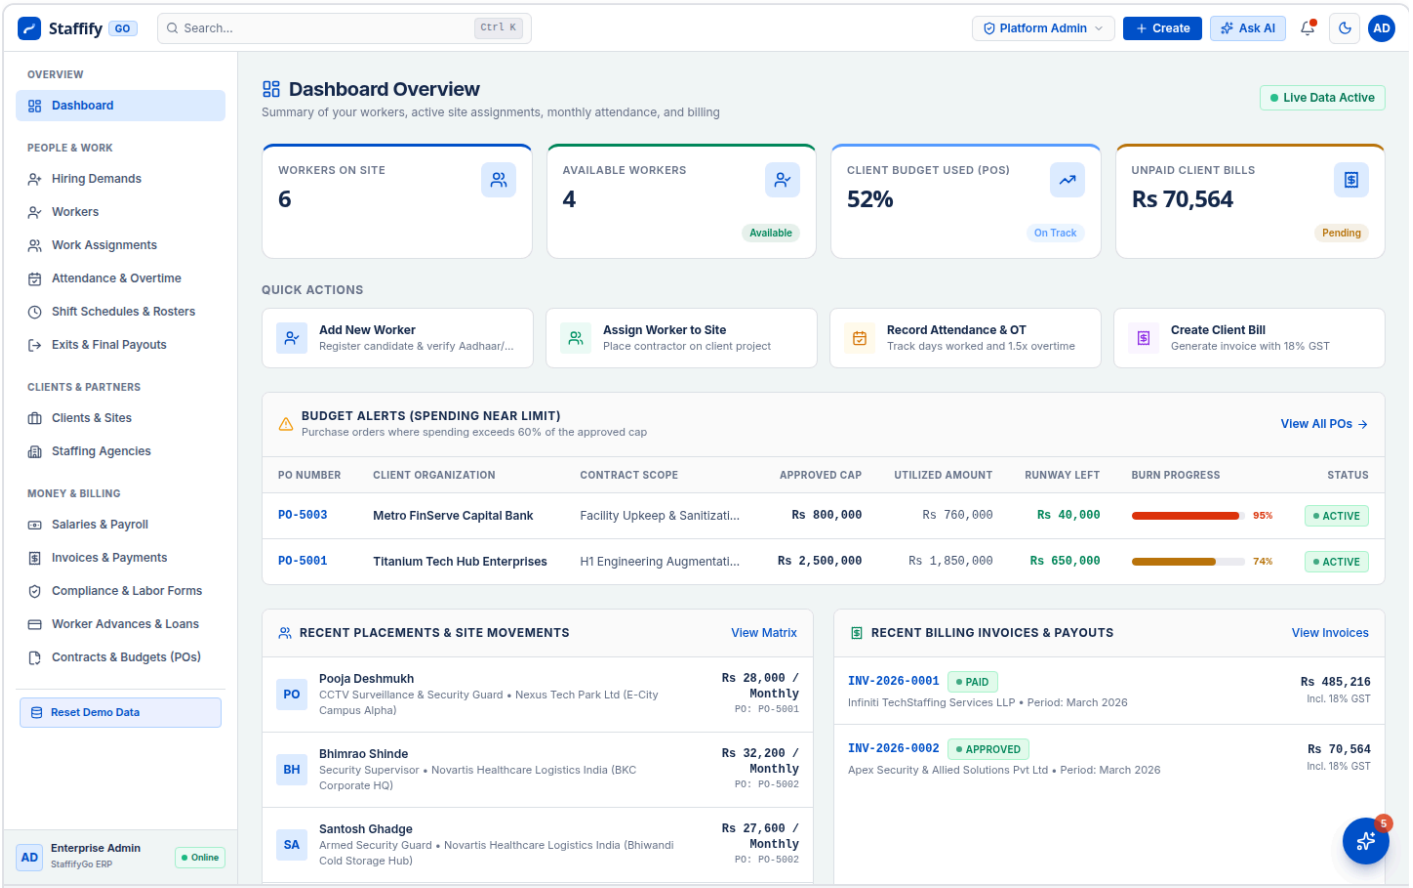

Figure 5.1 — Site Attendance Sheets, Overtime Hours & 1-Click Approvals **Route: /attendance**

Stage 6: Worker Advances & Salary Loans (`/loans`)

StaffifyGo allows administrators to disburse emergency advances with scheduled monthly EMI repayments.

> **Automated Recovery Safeguards:**
> 1. During regular payroll runs, monthly EMIs are automatically deducted from the worker's salary slip.
> 2. If a worker resigns or exits prematurely, any unrecovered balance is automatically deducted from their Final Full & Final (FnF) payout.

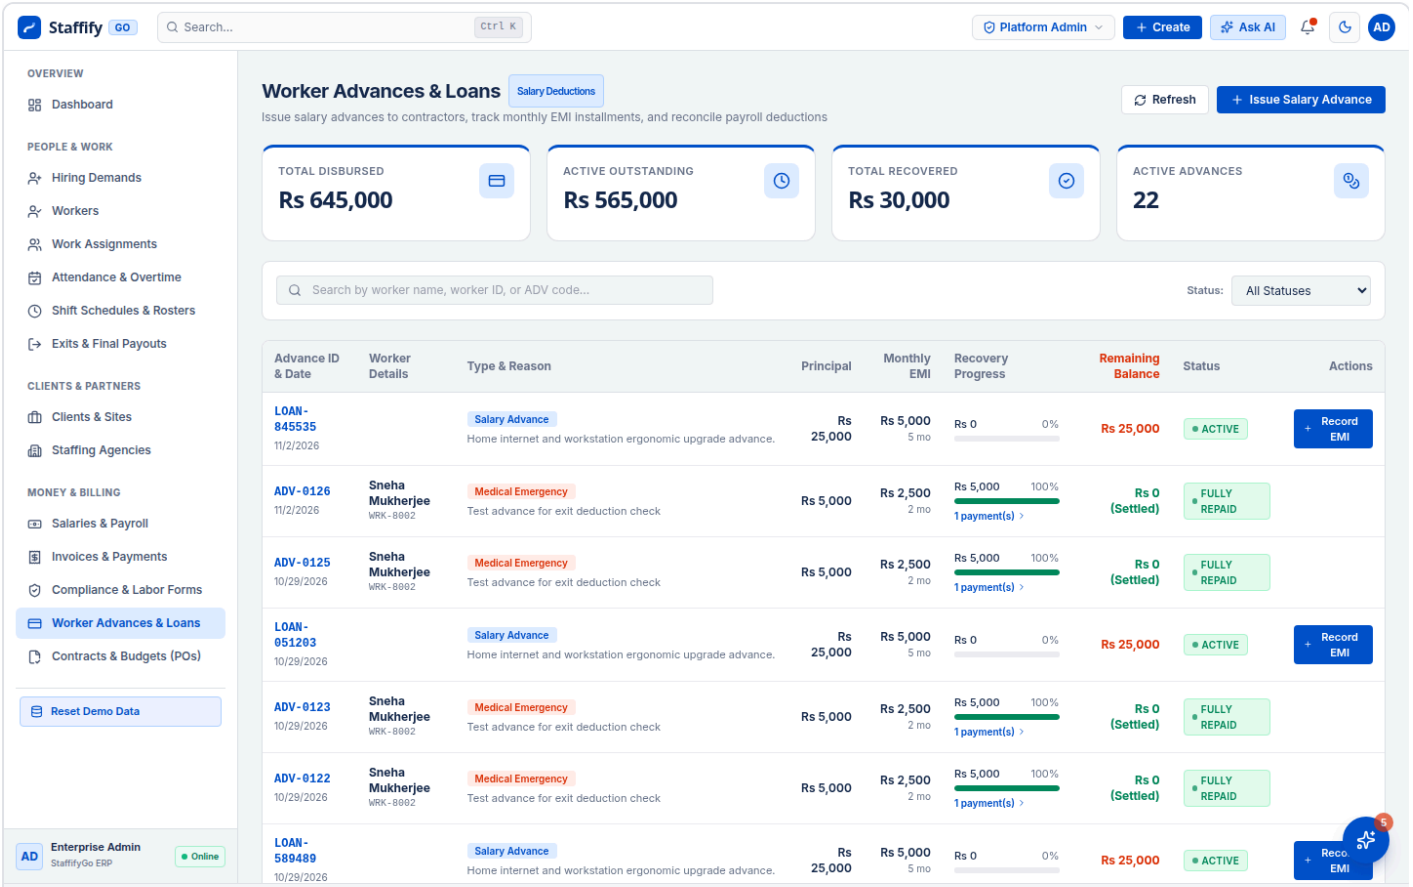

Figure 6.1 — Advance Disbursal, Amortization Schedules & Recovery Tracking **Route: /loans**

Stage 7: Statutory Compliance & Labor Registers

Government enforcement officers require licensed contractors to maintain statutory registers under the *Contract Labour (Regulation & Abolition) Central Rules, 1971*. StaffifyGo automatically generates audit-ready registers and 1-click government return upload files:

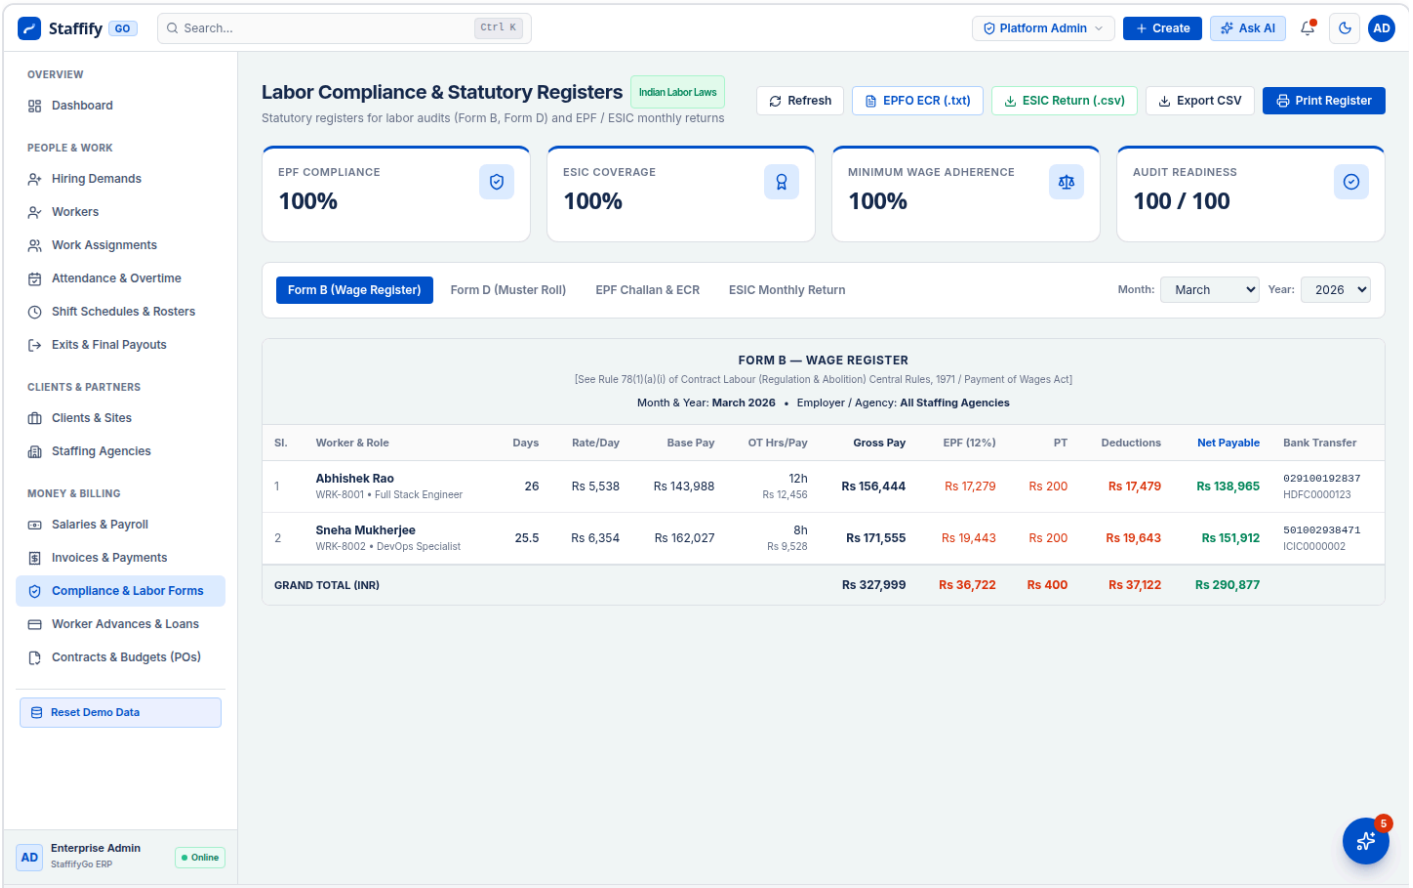

Figure 7.1 — Statutory Compliance Command Center & Government Return Exporters Route: /compliance

1-Click Government Statutory Return Exporters (EPFO ECR 2.0 & ESIC)

Direct-to-portal return files conforming strictly to official EPFO and ESIC government portal specifications:

STATUTORY FILE	TARGET PORTAL	FORMAT & DELIMITER	STATUTORY CALCULATION RULES
EPFO ECR 2.0 Return	EPFO Unified Employer Portal	Text file (`.txt`) Delimiter: #~#	Caps EPF/EPS wages at statutory Rs 15,000 ceiling. Calculates 12% Employee EPF, 8.33% Employer EPS (capped at Rs 1,250), and 3.67% Employer EPF with member UANs.
ESIC Monthly Return	ESIC Insurance Portal	Spreadsheet (`.csv`) Standard headers	Filters eligible workers (gross monthly wages ≤ Rs 21,000) with 10-digit IP numbers, working days, and 0.75% employee contribution.

Official Labor Registers Generated by StaffifyGo

REGISTER FORM	GOVERNING STATUTE	KEY STATUTORY DATA DISPLAYED
Form B — Wage Register	CL(R&A) Central Rules Rule 78(1)(a)(i)	Gross earnings, basic wages, OT hours, EPF (12%), ESIC (0.75%), PT, net pay.
Form D — Muster Roll	CL(R&A) Central Rules Rule 78(1)(a)(ii)	Daily attendance punches, shift timings, weekly offs, leave marks.
EPF Contribution ECR	Employees' Provident Funds Act, 1952	12% Employee EPF + 12% Employer EPF breakdown with UAN numbers.
ESIC Return of Contributions	ESI Act, 1948	0.75% Employee ESIC + 3.25% Employer ESIC for wages ≤ Rs 21,000/mo.

Stage 8: Salaries, Monthly Payroll & Form XIX Payslips

The **Salaries & Monthly Payroll** module (`/payroll`) transforms approved attendance sheets into finalized disbursement batches with statutory deductions, 1-click Bank CMS payout files, and automated WhatsApp delivery.

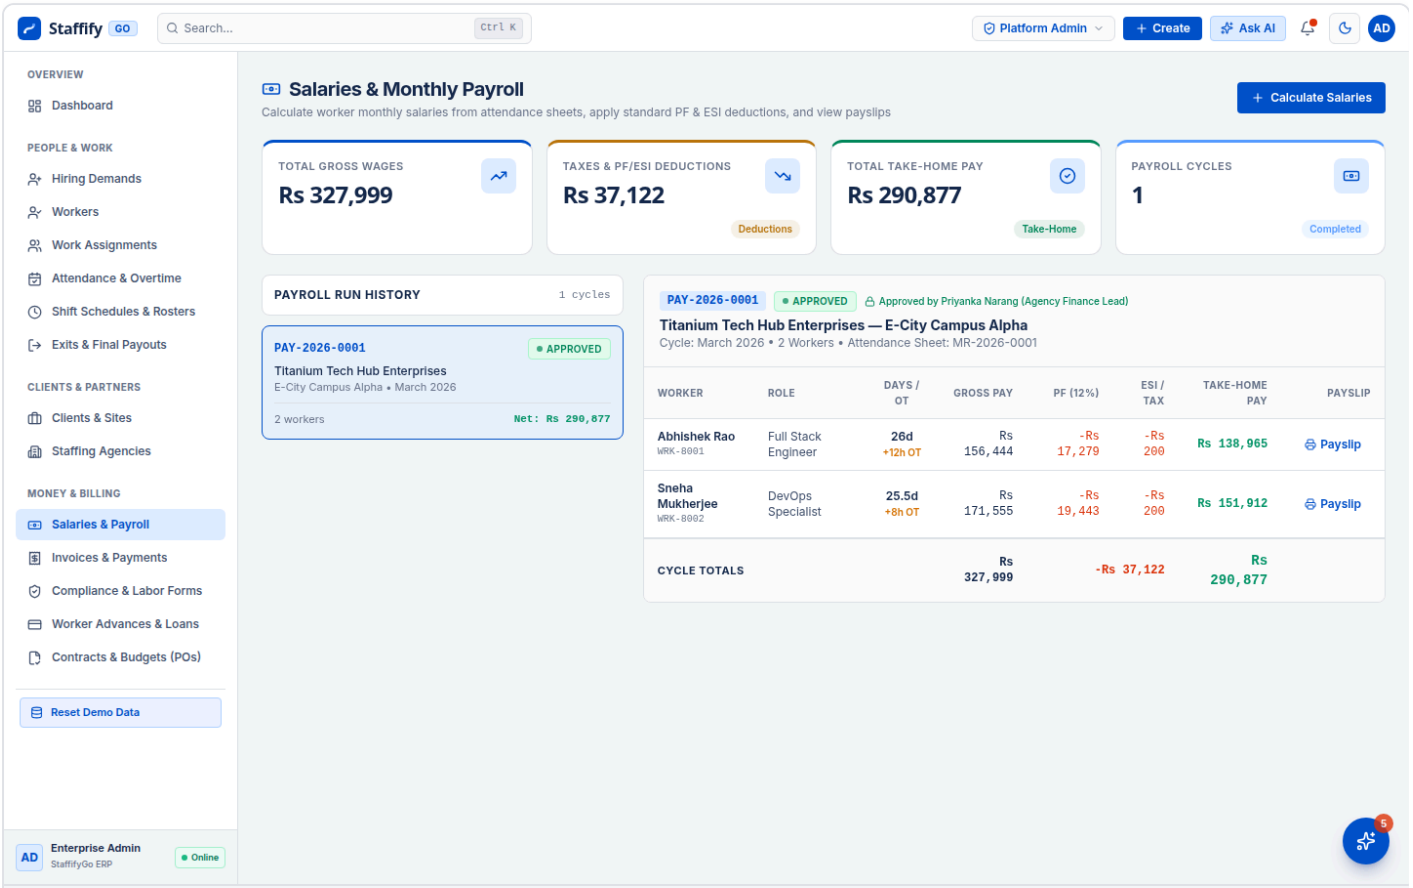

Figure 8.1 — Monthly Salary Batches, Tax Deductions & Net Take-Home Pay **Route: /payroll**

Bank CMS Bulk Payout File Export (HDFC / ICICI / SBI 1-Click Payouts)

Eliminates tedious manual single-worker NEFT/RTGS transfers by generating bank-compliant Corporate Management System (CMS) bulk batch files.

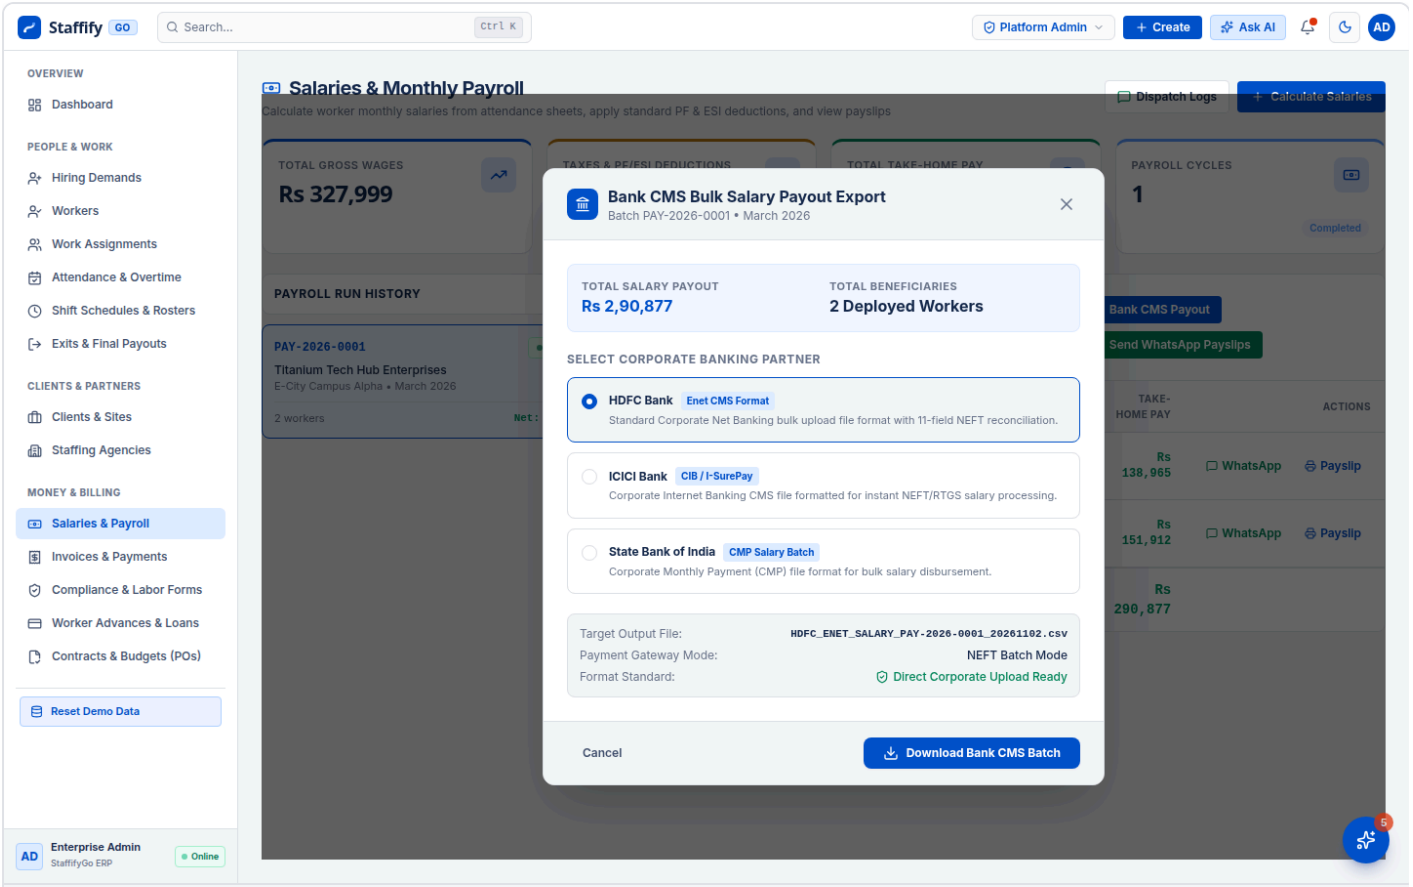

Figure 8.2 — Bank CMS Bulk Salary Disbursement File Generator **Payroll > Bank CMS Payout Modal**

BANK CMS STANDARD	FILE SPECIFICATION	BATCH FORMAT & REQUIRED COLUMNS
HDFC Corporate Enet	Batch CSV (`HDFC_ENET_SALARY_*.csv`)	Beneficiary Code, Beneficiary Account Number, Amount, Worker Name, IFSC Code, Corporate Debit Account, Customer Reference Number.
ICICI CMS / CIB	I-SurePay CSV (`ICICI_CMS_SALARY_*.csv`)	Payment Product Code (PA), Payment Mode (NEFT), Corporate Debit Account, Disbursement Amount, Beneficiary Account, Worker Name, IFSC.
SBI CMP Corporate	Corporate Bulk CSV (`SBI_CMP_SALARY_*.csv`)	Corporate Debit Account Number, Value Date, Disbursement Amount, Beneficiary Name, Beneficiary Account, IFSC, Salary Remarks.

WhatsApp Automated Payslip Dispatches & Delivery Audit Logs

StaffifyGo delivers instant digital Form XIX payslip links directly to worker WhatsApp numbers upon payroll approval.

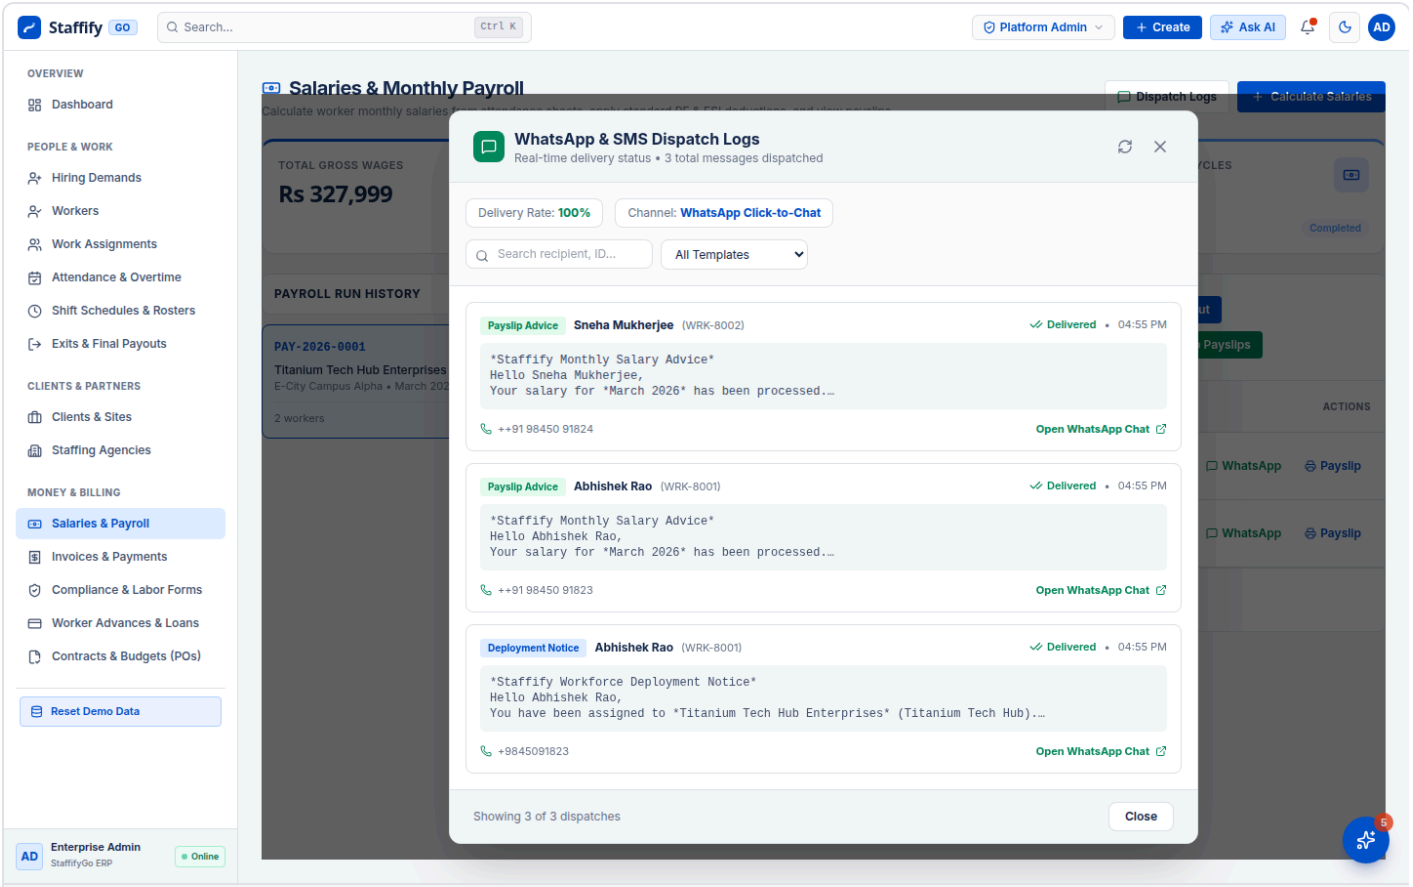

Figure 8.3 — Real-Time Notification & WhatsApp Dispatch Audit Log **Payroll > Dispatch Logs Modal**

Notification Capabilities:

- **1-Click Bulk Payslip Dispatch:** Click **Send WhatsApp Payslips** to formulate salary advice messages for all approved workers in the batch with net pay figures and digital payslip links.
- **Individual Worker Dispatch:** Click the WhatsApp icon next to any worker row to open a direct pre-filled chat advice with their monthly earnings breakdown.
- **Delivery Audit Trail:** The **Dispatch Logs** modal records recipient phone numbers, message templates, timestamps, dispatch statuses, and provides direct fallback WhatsApp web links.

Standard Form XIX Contractor Payslip

Click **Payslip** in any employee's payroll row to open their official salary slip conforming to **Rule 78(1)(b)**.

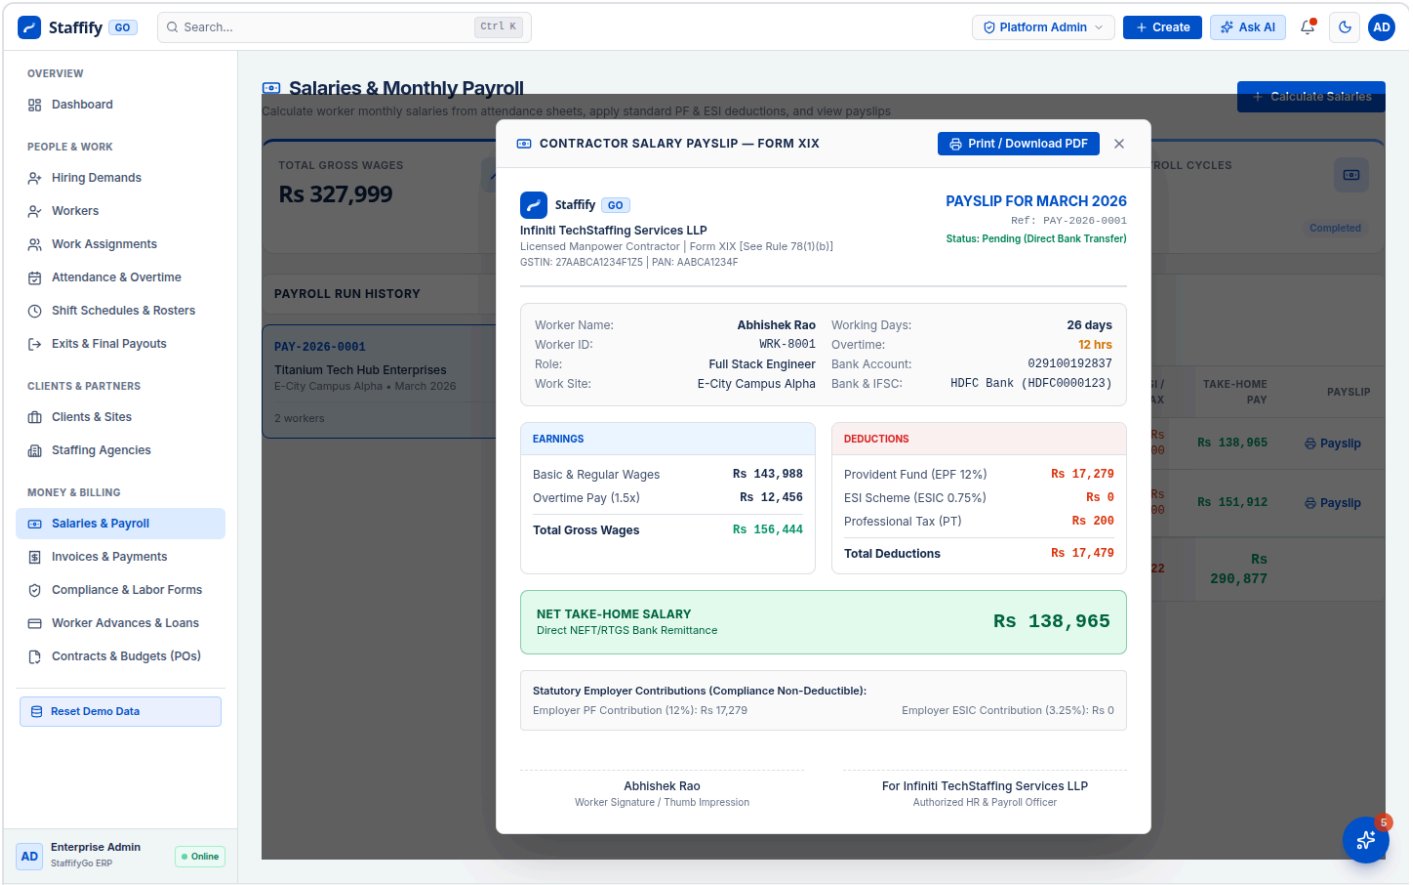

Figure 8.4 — Standard Form XIX Contractor Salary Payslip (A4 Print / PDF Ready) **Payslip Modal**

Statutory Payslip Features: Contractor GSTIN/PAN and License Number, Employee UAN & ESIC codes, working days (26 days), overtime hours (12 hrs), gross wages, itemized deductions (PF, ESI, Professional Tax, Loan Recoveries), net take-home bank transfer figure, employer statutory contributions, and dual signature blocks for the Worker Thumb Impression and Authorized HR Signatory.

Stage 9: Worker Exits, Clearances & Final Settlements

When a contract worker resigns, completes their project tour, or is terminated, the **Worker Exits & Final Payouts** module (`/settlements`) ensures orderly de-provisioning and full-and-final settlement (FnF).

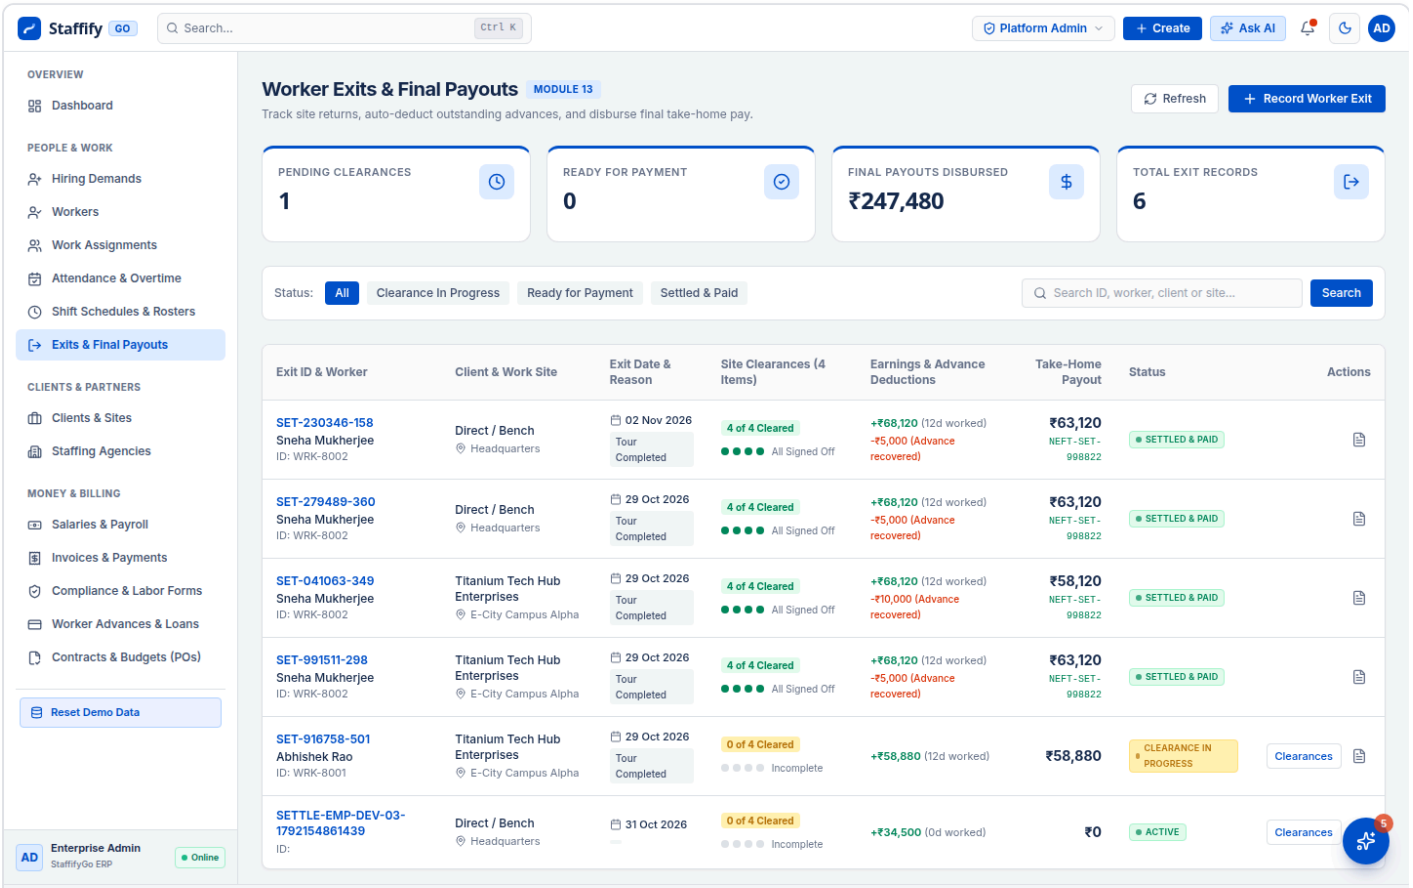

Figure 9.1 — Resignation Intake, Equipment Clearances & FnF Payouts **Route: /settlements**

The 4-Step Exit Settlement Procedure

1. **Initiate Exit**: Click *Initiate Settlement*, select the worker, and enter last working day and exit reason.
2. **Equipment & Site Clearance Checklist**:
   - [x] Return of Client Gate Access Pass & Photo ID
   - [x] Return of Uniforms & Safety PPE (Helmets, Safety Boots, High-Vis Vests)
   - [x] Return of Toolkits, Mobile Devices & Master Keys
   - [x] Client Site Supervisor Clearance Sign-off
3. **Automated Loan Amortization Offset**: Any pending loan balance is automatically deducted from unpaid days' wages.
4. **Disbursement & Release Voucher**: Click *Approve Settlement* to release the final take-home payout and print the official signed settlement voucher.

Stage 10: Autonomous AI Copilot & Risk Watchdog

StaffifyGo includes an autonomous operations watchdog and natural language copilot accessible from any screen via the floating sparkle button at bottom-right.

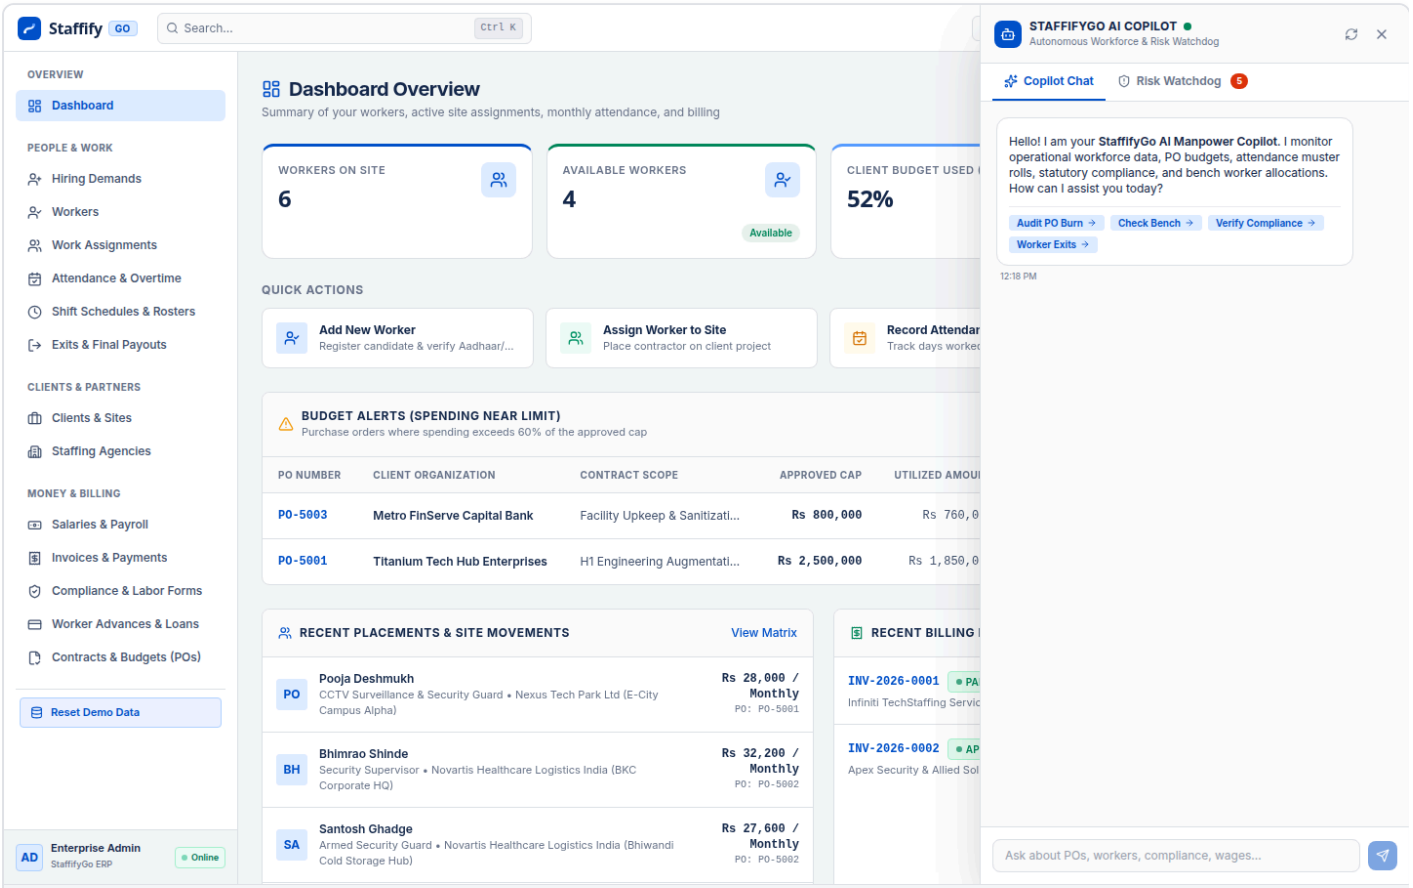

Figure 10.1 — Autonomous Operations Watchdog & Grounded Copilot Chat **Slide-Over Drawer**

Proactive Autonomous Risk Watchdog Checks

- CRITICAL RISK **PO Budget Burn Exhaustion**: Flags client purchase orders exceeding 80% utilization cap so you can bill amendments before work stops.
- WARNING **Unverified KYC on Active Sites**: Alerts you if a deployed worker has pending police verification or unlinked Aadhaar records.
- WARNING **Worker Overtime Fatigue**: Detects contractors with ≥ 15 hours of monthly overtime to prevent safety violations.
- NOTICE **High Loan Advance Balances**: Monitors unrecovered balances > Rs 20,000 awaiting monthly payroll deduction.

Quick Administrative Reference Sheet

Keep this cheat sheet handy for daily staffing operations:

OPERATIONAL TASK	PLATFORM SCREEN	KEY ACTIONS	COMPLIANCE STANDARD
Register Candidate	Workers (`/workers`)	Click + *Add Worker*, enter Aadhaar/PAN, bank IFSC, set daily rate.	KYC Verification
Print Site Gate Pass	Workers (`/workers`)	Click *Gate Pass*, verify QR code, print laminated card.	CR80 PVC Gate Access
Fulfill Client Hiring	Demands (`/requisitions`)	Click *Allocate → AI Match → 1-Click Allocate*.	SLAs / Job Quotas
Plan Rotating Shifts	Shifts (`/shifts`)	Assign Morning, General, Night shifts to worker squads.	Factories Act Shift Rules
Lock Monthly Attendance	Attendance (`/attendance`)	Review OT hours (1.5x), click *Approve Attendance*.	Form D Muster Roll
Disburse Emergency Loan	Advances (`/loans`)	Record loan amount & monthly installments.	Salary Advance Policy
Audit PF/ESI Registers	Compliance (`/compliance`)	Print Form B Wage Register and Form D Muster Roll.	CL(R&A) Rule 78
Execute Monthly Payroll	Salaries (`/payroll`)	Click *Calculate Salaries*, audit deductions, approve run.	Payment of Wages Act
Generate Payslip	Salaries (`/payroll`)	Click *Payslip → Print / Download PDF*.	Form XIX Rule 78(1)(b)
Process Resignation / FnF	Exits (`/settlements`)	Check off returned PPE & tools, offset loan, approve FnF.	Exit Clearance SOP

StaffifyGo — Enterprise Staffing ERP Suite
